

SETTLEMENT COORDINATION DISCLOSURE AND RELEASE

PROPERTY ADDRESS: _____

SELLERS: _____

DATE OF LISTING AGREEMENT: _____

Following the negotiation and conclusion of an agreement of sale for the sale of the above property, there are a myriad of obligations and tasks, many with strict deadlines which must be accomplished by you, as the seller, in order to prepare for the closing of title and settlement. We call this the settlement coordination process. Some of these tasks which should not be considered to be a complete list which must be performed by you are: ordering and follow-up in securing certifications as required for closing; scheduling and coordination of inspections/tests ordered by you, reviewing title policy and assisting in satisfying any requirements, scheduling of settlement and sending notices to all parties.

We can help you through this process. RE/MAX Action Realty has an in-house Settlement Coordinator who can provide this assistance to you. If you wish, you may perform these services yourself or hire a third party to perform these services on your behalf. If you wish RE/MAX Action Realty to perform these services, our fee for this service is \$_____, which will be payable at time of final settlement. As part of this process, you will be responsible for all inspection, testing, certification and application fees which may be charged by the respective agencies with which we may be coordinating.

Please indicate below your choice regarding this settlement coordination process.

DESIGNATION OF CHOICE
